

COVID-aware Therapist Training

Description

USE THIS CODE TO GET 10% OFF TRAINING NOW

VRRATHOME10

LIMITED NUMBER AVAILABLE.

Enjoy our intensive training ideas, programming, and downloads from anywhere. Stay safe, save some money, and earn professional credits while learning some pretty cool stuff about vision.

[Four options available to you](#), all covering the best elements from the Vision Rehabilitation Roadshow 2020, an event held to train Physical and Occupational Therapists in how to approach the visual part of therapy.

[DAY 1: BASICS OF HUMAN VISUAL FUNCTION](#)

[DAY 2: APPROACHING VISION TRAINING](#)

[VISION TRAINING ACTIVITIES EXAMPLES](#)

[FULL PROGRAM: DAY 1 + DAY 2 + VISION TRAINING ACTIVITIES](#)

We offer multiple examples in both pediatric and brain injury cases and some great starting points for improving function – and a strong basis for understanding why things work they way they do.

Use the code above, do the training, and take your skills to the next level. Appropriate for parents, therapists of all kinds, psychologists, teachers, family doctors, and pediatricians.
